The *Annual Campus Security Report* is published annually. While every effort is made to provide accurate and correct information at the time of printing, Hobart Institute of Welding Technology reserves the right to change policies, safety procedures, and any statements in this publication.

Security Report

Safety at Hobart Institute of Welding Technology (HIWT): A Shared Responsibility

Safety at HIWT is the shared responsibility of students, faculty, and staff. The degree to which HIWT remains safe depends on each member of our campus taking seriously the responsibility to protect themselves and others.

To help protect yourself, colleagues, and your belongings, take time to think about safety and security on campus, utilizing the suggestions and resources identified in this report. By promptly reporting all campus crimes and safety concerns, and by actively protecting your safety and that of your colleagues, you will be a positive contributor to the quality of life at HIWT.

Campus Facilities

HIWT is located in a residential area of Troy, Ohio. Troy is a quiet but thriving city of approximately 26,848 residents. As in any city, threats can arise from people and circumstances external to the campus. The campus is accessible by foot from any direction.

Our campus is unlocked and open to students, employees, contractors, visitors, and guests Monday-Friday. In general, our hours of operation are 7:00am – 4:00pm. However, due to student enrollments, additional courses may be offered on evening shift. When evening shift courses are being conducted our hours of operation are 7:00am – 11:30pm.

HIWT does not have any off-campus facilities.

Safety on Campus

Personal Safety Tips

All students, employees, and visitors are encouraged to take responsibility for their own security and the security of others. The following practices can help protect everyone on the campus:

- Walk with a friend, especially at night.
- Know the people you visit, whether on or off-campus.
- If you bring a vehicle to campus, keep the windows rolled up and the doors locked at all times. If you leave valuables in your car, lock them in the trunk where they cannot be seen by others.
- Be aware and concerned about use and abuse of alcohol and other drugs. Sexual assaults and other violent acts occur more often when people are under the influence of alcohol or other drugs.
- Anyone needing emergency assistance can reach the local police and fire emergency assistance at off-campus locations by dialing 911.
- Firearms and/or weapons of any type, including concealed weapons for which the carrier has a legal permit, are strictly prohibited on campus. Weapons include but are not limited to firearms (e.g., BB guns, pellet guns, Airsoft guns, paintball guns, handguns, rifles, knives, bows and arrows, and martial arts weapons.) Immediately report the presence of weapons on campus to your Instructor, or a HIWT team member.
- Pay attention to security alerts, safety announcements, and other information about crime prevention and enhancing personal safety provided on campus. Knowledge of safety precautions and resources can make a difference in a crisis.

Campus Safety & Security Team Members and Relationship with Law Enforcement Agencies

HIWT employs staff members who handle campus safety and security responsibilities in addition to their primary duties. In situations that need the attention of law enforcement, HIWT will request assistance from the Troy Police Department or the Miami County Sheriff's Department. Students and visitors needing assistance with crimes or emergency situations occurring off-campus should contact local law enforcement agencies directly.

HIWT collaborates cooperatively with the local police on crime prevention and in addressing reported incidents, including:

- Periodic communication with school administrators to discuss prevention efforts, crime reports, and problem areas; and
- Working collaboratively, to conduct community patrols in areas surrounding the campus as needed.

HIWT collaborates through a working relationship and mutual understanding with the Troy Police Department. HIWT does not have written policies or memoranda of understanding with any local or state law enforcement agency for the investigation of alleged criminal offenses.

Emergency Procedures

Emergency Threat Assessment

HIWT is not immune to the possibility that a campus visitor or a member of the campus community poses a threat of harm to themselves or others. Because campus safety is a shared responsibility, students and visitors are strongly encouraged to take steps to preserve both personal and property safety and to contact their Instructor or HIWT team member immediately should they observe threatening behavior that may represent a threat to the campus community.

Emergency Response

When a potential emergency or dangerous situation is reported, HIWT staff will assess the available information and, when appropriate, contact local law enforcement, fire, or emergency medical services to assist in confirming and responding to the situation. Once emergency responders arrive, they assume primary responsibility for the emergency response.

Emergency Notification

All HIWT staff members are authorized and encouraged to contact 911 or other emergency services immediately when circumstances warrant. Management approval is not required to request emergency assistance. When a potential emergency or dangerous situation is reported, appropriate HIWT staff will assess the situation and gather available information. The Facility Manager typically coordinates the campus assessment and response with assistance from other HIWT staff as appropriate. When local law enforcement, fire, or emergency medical personnel respond, they assume primary responsibility for the emergency response.

Emergency notifications may be communicated through the campus loudspeaker system, emergency notification strobes, and/or verbal communication by HIWT staff. When appropriate, information may also be provided to the larger community in coordination with local emergency agencies.

The Facility Manager is responsible for confirming an emergency, determining the appropriate notification, and initiating the notification process. Notification may be delayed only when, in the professional judgment of responsible authorities, issuing the notification would compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

HIWT tests its emergency response and evacuation procedures at least annually through drills or exercises. Tests may be announced or unannounced and are documented, including the date, time, description of the exercise, and whether the exercise was announced or unannounced.

Timely Warnings

The Facility Manager and/or other appropriate members of management will assess the circumstances and determine the need for and content of a timely warning. HIWT will issue a timely warning when a Clery-reportable crime occurring within HIWT's Clery geography is reported to HIWT or local law enforcement and is considered to represent a serious or continuing threat to students or employees. The warning will provide available information intended to help members of the campus community protect themselves and will withhold the names and identifying information of victims. Timely warnings may be communicated through the campus loudspeaker system, verbal communication by HIWT staff, or other appropriate means based on the circumstances.

Evacuation Information

Depending on the nature and severity of an emergency, the campus may be subject to evacuation. Evacuation procedures are posted in each classroom.

Fire Safety Report

A fire on campus not only interrupts education, but it also destroys valuable property and expensive equipment and can injure or kill people. Carelessness, forgetfulness, and ignorance are factors in many fires. Any occurrence of fire on campus should be reported immediately to the Instructor or a HIWT team member.

HIWT works closely with the Miami County Fire Marshal's Office in conducting a fire/safety inspection every year. The state requires one to be completed every two years.

Students and staff should familiarize themselves with the fire evacuation plan posted in each classroom. In addition:

- Know where the fire extinguishers are.
- Find the building exits nearest your classrooms.
- Do not block access to fire extinguishers or exits.
- Report any missing or damaged fire extinguisher.
- Never tamper with fire safety equipment.
- When a fire evacuation is announced and strobes flash red, leave the building promptly.
- Take fire evacuations seriously; you never know whether it is an actual fire. If there is no fire, practicing proper emergency response may save lives in the future.

Fire Drills & Tornado Drills

HIWT will periodically conduct safety drills.

- Fire drills were performed on April 2, 2025
- Tornado warning drills were performed on May 16, 2025 and November 12, 2025

Summary of Fire Report

No fires were reported.

Missing Person Policy

Reports regarding a student who is believed to be missing should be directed to the Troy Police Department.

Reporting Campus Crime

HIWT students, employees, and visitors are encouraged to report promptly and accurately all campus crimes and incidents related to public safety to their Instructor or HIWT team member.

Due to the importance of campus safety, HIWT cannot guarantee that crime information will remain confidential. If requested or deemed appropriate by the Institute, effort will be made to keep private the details of the crime that are sensitive in nature and/or not to reveal the identity or sources of crime information. The Institute does not accept anonymous crime reports for inclusion in annual crime statistics.

Emergency Contact Information

Emergency Assistance – on campus	937-332-9500
---	---------------------

Emergency Assistance – off campus (Police, fire, and emergency medical services)	911
--	------------

Hazing

HIWT prohibits hazing in any form. Hazing includes intentional, knowing, or reckless acts connected to joining, participating in, or maintaining membership in a student organization that create a risk of physical or psychological injury. Students and employees are encouraged to report suspected hazing to an Instructor or HIWT team member. Violations may result in disciplinary action in accordance with applicable HIWT policies.

Hate Crimes

Hate crimes are crimes with manifesting evidence that the victim was intentionally selected because of the perpetrator's bias towards the victim's actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. Effective August 2008, amendment of the Higher Education Opportunity Act expanded the list of crimes for which bias must be reported to include larceny-theft, simple assault, intimidation, and destruction, damage, or vandalism of property.

Campus Disciplinary Action for Violations of Law

Violations of law committed on campus may be addressed by local, state, and/or federal law enforcement agencies. On-campus violations of Institute policies and/or laws committed by students are addressed by the Institute in accordance with student disciplinary procedures outlined in the student orientation manual. Violations of laws committed on campus by staff are subject to Institute disciplinary action as described in the employee handbook.

Crime Statistics

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, HIWT publishes statistics about crimes reported as occurring on campus and on public property immediately adjacent to campus property. A representative of HIWT compiles crime statistics from reports received from students, employees, visitors, the Troy Police Department, and the Miami County Sheriff's Office. As required by Clery Act regulations, crime definitions are taken from the Federal Bureau of Investigation's *Uniform Crime Reporting (UCR) Handbook*, except for definitions of sex offenses, which are taken from the FBI's *National Incident-Based Reporting System Edition of the UCR*.

HIWT submits calendar-year crime statistics that are published in the *Security Report to the Department of Education* via a website database. Information from the database is available to the public through <https://ope.ed.gov/campusafety/#/>. Announcements of the availability of the new report are sent to all employees and students. Printed copies of the *Security Report* are available upon request.

Alcohol and Other Drugs

Use of alcohol or other substances that impair thought, behavior, and/or coordination is prohibited on campus. Operating machinery and driving under the influence of alcohol or other mind-altering substances is prohibited.

In accordance with both Ohio law and HIWT Drug & Alcohol-Free Campus policy, possession of alcohol by anyone under age 21 is prohibited. Serving, selling, and providing alcohol to individuals under age 21 is also prohibited.

In accordance with Ohio law and HIWT Drug & Alcohol-Free Campus policy, possession, use, and distribution of illegal drugs are prohibited. (Note: Synthetic marijuana (e.g., "Spice," "K2") is illegal in Ohio.) Distribution and abuse of prescription medication is also prohibited by HIWT. Operating machinery and driving under the influence of a drug that impairs you is prohibited. Products containing THC or other intoxicating cannabinoids are prohibited on HIWT property and during hours of attendance, regardless of whether the product was legally purchased. Because THC and CBD vaping or smoking products can be difficult to distinguish, CBD products that are smoked or vaporized are also prohibited on HIWT property.

HIWT prohibits possession or use of drug paraphernalia. Items considered to be drug paraphernalia include but are not limited to glass smoking pipes, bongs, hookahs, marijuana "bowls," and infused vaporizers, regardless of how such items are actually used.

Alleged violations of the HIWT Drug & Alcohol-Free Campus alcohol or drug policies may be reported by any member of the campus community to an Instructor or HIWT Team Member. Alleged infractions of Institute policies are subject to appropriate adjudication and campus disciplinary sanctions as described in the student orientation manual and in the employee handbook.

Regardless of one's age, alcohol may not be possessed or consumed on HIWT property. A HIWT Team Member may ask to see the contents of backpacks, bags, etc. suspected to contain alcohol.

The Troy Police Department may arrest individuals who violate alcohol and drug laws on campus. Violators of the law are subject to criminal prosecution, fine, imprisonment, and/or other penalties. HIWT notifies law enforcement officers of illegal drugs and paraphernalia confiscated on campus and cooperates with the authorities in apprehending and prosecuting alleged violations of drug laws.

Sexual Harassment

In cases of alleged sex offense, regardless of whether the alleged perpetrator is a HIWT employee or student, both the alleged perpetrator and the alleged victim are informed of the Institute's final determination regarding the alleged sex offense.

Examples of sexual harassment include but are not limited to repeated and unwanted touching, kissing, or other unwanted sexual behaviors, especially after the behavior has been refused; taking sexual advantage of someone who is incapacitated; and sexual bribes and blackmail.

Complaints Regarding Faculty or Staff Conduct: If the alleged perpetrator of sexual harassment is a member of HIWT staff, a formal complaint should be made to the President/CEO.

Dating Violence, Domestic Violence, Sexual Assault, and Stalking

HIWT prohibits dating violence, domestic violence, sexual assault, and stalking. Students and employees are encouraged to promptly report incidents to a HIWT team member or local law enforcement. HIWT will assist individuals in contacting law enforcement upon request; however, individuals may choose not to notify law enforcement. In an emergency, call 911.

HIWT will address immediate safety concerns and provide information regarding available resources. Reasonable safety measures may include changes to training areas, schedules, parking, work assignments, or other arrangements intended to reduce contact between individuals.

Allegations of possible criminal conduct may be referred to local law enforcement for investigation. HIWT will cooperate with law enforcement and may consider information obtained through a law enforcement investigation when determining whether disciplinary action is appropriate.

An allegation alone does not constitute a finding that an individual violated HIWT policy. When sufficient information supports a finding of a policy violation, disciplinary action may be taken in accordance with the Student Code of Conduct or applicable employee policies.

Crimes included in the Campus Security Report: (crimes occurring within the last 3 years that were reported to law enforcement or to a campus security authority which occurred on or contiguous to campus.)

- **Murder & non-negligent manslaughter:** The willful (non-negligent) killing of one human being by another.
- **Robbery:** The taking, or attempted taking, of anything of value from one person by another, in which the offender uses force or the threat of violence.
- **Aggravated assault:** An attack by one person upon another, in which the offender uses or displays a weapon in a threatening manner or the victim suffers severe injury involving apparent broken bones, loss of teeth, possible internal injury, or loss of consciousness.
- **Burglary:** The unlawful entry into a building or other structure with the intent to commit a felony or a theft.
- **Motor vehicle theft:** The theft of a motor vehicle, including automobiles, trucks, motorcycles and mopeds.
- **Arson:** To unlawfully and intentionally damage, or attempt to damage, any real or personal property by fire or incendiary device.
- **Domestic violence:** A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner, someone who shares a child with the victim, or another person protected under domestic or family violence laws.
- **Dating violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

- **Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.
- **Liquor-law violations:** The violation of laws prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages. Does not include driving under the influence or drunkenness violations.
- **Drug-law violations:** The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment needed to produce or use them.
- **Weapon-law violations:** The violation of laws prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, knives, explosives, or other deadly weapons.

Summary of Reported Crimes

The data chart entitled “Summary of Reported Crimes” reflects incidents of alleged crimes, both attempted and completed, that were reported as occurring on campus or on public property that is immediately adjacent to the campus (e.g., a public sidewalk or city street bordering the campus).

The data chart does not reflect any information about whether the victims or perpetrators of reported crimes were associated with HIWT as students or employees; whether alleged crimes were confirmed by police or HIWT; or whether findings of guilt or responsibility were made.

Summary of Reported Crimes 2023-2025

Criminal Offenses – On Campus	2023	2024	2025
